# draft-ietf-mmusic-natreq4udp-00.txt

- Personal Draft Discussed in London
  - Asked to just publish it...
- Push-back from AD, IESG
  - Off charter!
- Decision
  - Overtaken by events, MIDCOM, etc.
  - Just forget about it? Or publish as personal RFC ?

# draft-ietf-mmusic-sdp4nat-00.txt

- Personal draft discussed in London
  - Minor comments, e.g. format of RTCP attribute, have been addressed.
  - New version published as MMUSIC draft
  - Seem to have consensus on the list
- Suggestion
  - Start WG last call
